### COL. A. G. PEUCHEN DIES AT TORONTO

Word was received here on Saturday night of the death of Colonel A. G. Peuchen, which a few hours previous occurred in an hospital in Toronto.

Mr. Peuchen was very well known in this district, being owner of the McLaren lumbering and sawmill interests here for a great many years. He was sixty-eight years of age and is survived by his wife and grown-up family, all residing in Ontario.

Col. Peuchen was one of the very few Canadian survivors of the Titanic wreck.

Jan. 22—Lethbridge at Blairmore.

Note—Game scheduled for Dec. 25, Blairmore at Bellevue, is subject to change.

### GENEROUS OFFER FROM THE PEOPLE OF CORBIN, B.C.

On the 6th of this month, Mr. Moses Johnson received a letter from Corbin, B.C., a copy of same follows:

"Corbin, B.C., Dec. 4th, 1929.  
"Moses Johnson, Esq.,  
Provincial Mines Inspector  
Blairmore Alberta.

"Dear Sir—Having heard how slack the work has been through the Pass Towns, Blairmore, Coleman, Hillcrest and Bellevue, the Christmas Tree committee and the 'Miners Union' of Corbin, B. C., have decided to send a donation to help the children's Christmas in those towns. Could you advise me who would be able to distribute this to best advantage, or, could you do it yourself. Kindly let me know by return mail.

and oblige,  
M. RUTH ELLIOT  
Sec. Christmas Tree Committee."

Mr. Johnson immediately took this matter up with interested parties in Coleman and Blairmore and on the 6th inst. forwarded a letter to Corbin explaining as far as possible the conditions in this district and making the following suggestions: "That whatever monies are going to be donated it should be divided up in the following manner: 25ths to Coleman, 15th each to Hillcrest, Bellevue and Blairmore respectively, the money to be forwarded to the secretaries of the local unions, for them to form their committees, who would have a list of the needy cases in their own town to whom foodstuffs, clothes, etc., could be provided according to the necessity of the case, the following persons being the secretaries of the Local Unions: David Gillespie, Coleman; Evan Morgan, Blairmore; and Jack Brooks, Bellevue, and Philip McNeil, Hillcrest, secretary of the Miners' Club, with a committee could take charge on behalf of the people in Hillcrest.

Below is a copy of reply from Corbin, to Mr. Johnson's letter:

"Corbin, B.C., Dec. 9th, 1929.  
"Moses Johnson, Esq.,  
Blairmore, Alberta.

"Dear Sir—On behalf of the Corbin Christmas Tree Committee, I wish to thank you for the detailed information you gave us regarding the conditions in the Pass Towns, I might say we are following your suggestions re the distribution of the money.

Yours truly,  
M. RUTH ELLIOT  
Sec. Christmas Tree Committee."

Mr. Johnson has no idea of the amount that is to be given, but whatever the amount may be, the people of Corbin are to be highly commended for their spirit and generosity in the steps they are taking to assist and help to alleviate any cases of distress in any of the above towns.

### INSTITUTE PUBLIC LIBRARY

There are now 1950 books on the shelves and available for use of the general public. It would take you five years, reading eight books every week, to read these volumes. Membership is only \$1.00 per year, and entitles you to take out four books, two of fiction and two non-fiction, at one time. The library is open Tuesdays and Saturdays from 7 to 9 p.m.

### CROW HOCKEY LEAGUE OPENS TOMORROW NIGHT

Tomorrow (Friday) night, will see the opening of the 1929-30 season for the Crows' Nest Pass Senior Hockey League, when Blairmore will clash with Coleman at the local arena.

Judging by the increased interest already being manifested in skating and curling, we look forward to a banner attendance for the opener in hockey. Everyone should come out and size up this season's moguls.

## WORLD HAPPENINGS BRIEFLY TOLD

Mrs. Edward Ellis, sister of Vice-marshal Wellington, Governor-General of Canada, died in London, December 8th.

The Orient Express, Europe's crack train between Constantinople and Paris, was recently held up near Caribou, Bulgaria, by brigands, who killed two passengers and wounded several others.

The Japanese Government has declined to give its sanction to the United States Government's note to Russia on China regarding violation of the Briand-Kellogg anti-war pact in Manchuria.

It is rumored that the Labor Government intends to create more Labor peers, probably in the new year's honors list. There are now only 12 Labor peers and lords not all of whom are available for normal work in the upper chamber.

The French mint has been commissioned to strike a medal bearing the likeness of the late Georges Clemenceau. It was announced that Rodin's bust of the wartime leader will be placed in the Arc de Triomphe Museum.

An a.m. mail service whereby a letter could be posted in Montreal one night and delivered in Winnipeg the next morning will be inaugurated some time next year, it has been announced by Hon. Peter Veniot, postmaster-general of Canada.

The London Daily Mail says that the accuracy of the report of Commander Richard Byrd, of his South Polar flight, has been challenged by Major Trygve Gann, Norwegian airman and explorer, who was a member of the Scott Antarctic expedition.

Announcement was made by Hiram Walker, Gooderham, Worts Co. that a \$500,000 carbonic acid gas plant is to be installed in the plant at Toronto and that such units will later be installed at Montreal and other points. It is planned to manufacture what is known as "dry ice."

### Canada's Accredited Herds

Over Four Thousand Given Clean Bill Of Health

Upward of four thousand herds of cattle in Canada have been given full accreditation by the Department of Agriculture, at Ottawa, according to the report of the Veterinary Director-General for the past fiscal year, published by the Department of Agriculture, at Ottawa. That is to say, the number of herds have been dealt with by tests and retests and restricted measures which have given them a clean bill of health with respect to the disease of tuberculosis.

### Commendation

Salesmen (showing customer some sports stockings): "Just the thing for you. Worth double the money. Latest pattern, fast colors, holeproof, won't shrink, and it's a good yarn." Customer (politely): "Very well told, too."

### More Using Electricity

Electric energy consumed during the first nine months of the year by users of the City Hydro in Winnipeg, amounted to 262,000,000 kilowatt hours, an increase of 15 per cent. over the same period of last year.

The planet Venus moves around the sun at an average speed of 22 miles an hour.

Russian peasants often sleep with their cattle.

Apprentice (following master's instructions): "Hafcut or shave, sir?" — Hamburger Illustrierte Zeitung, Hamburg.

W. N. U. 1215

### Exceeds Human Skill

Robot Reduces Risks Of Flying and Air Force Interested In Device

An infallible Robot airman, capable of controlling airplanes of all sizes in all kinds of weather with more dependability than the human pilot, has been produced by the scientists of the Royal Aircraft Establishment, the air correspondent of the London Daily News says.

The Robot pilot consists of a compressed air-driven gyroscope which controls a piston, rudder and elevators of any type of machine from the smallest single-seater to the large twin-engine bombers and flying boats. The gyroscope weighs 100 pounds and has been demonstrated successfully over distances of 400 miles, towing to the human pilot only when planes must ascend or descend.

The Robot is claimed to be infallible and to minimize the risks of flying. The Daily News correspondent said it was understood the Royal Air Force was contemplating adopting the device for use in future long distance flights and that commercial air lines were negotiating for the device for the purpose of installing it in passenger and mail planes.

### Air Mail Across Canada

Stated That Service Will Be Inaugurated Some Time Next Year

An air mail service whereby a letter could be posted in Montreal one night and delivered in Winnipeg the next morning, will be inaugurated some time next year, it was announced by Hon. Peter Veniot, postmaster-general of Canada.

Mr. Veniot pointed out that this route to Winnipeg, which would be via Toronto, was only a segment of the Montreal-Vancouver line, which he hoped would be established and would accomplish a saving of 40 hours over the fastest present delivery.

### Authors Discover Canada

The Brantford Expositor finds that Canadian authors are more and more finding their characters in Canadian types and their scenes in Canada. All very good—for we are just a slice of humanity living in about as fine a bit of terrain as any race can boast.

What will a woman who goes to the Senate be called—a Senator or a Senatrix?

## Twelve Years Of The Millennium

Condition Of People Of Russia After Twelve Years Of Bolshevism Rule

The Soviet government, celebrated the twentieth anniversary of the Russian revolution, according to Moscow despatches, by giving "bread and meat at cost prices to every member of the population holding bread cards."

After twelve years of Bolshevism, the right to buy a square meal at cost price for one day only is the greatest boon the Soviet government can confer upon the workers whom it dominates.

Among great masses of the population, apparently, meat is a complement of their daily bread is a luxury to be enjoyed only at such times as annual national holidays, and then sparingly and on a card-regulated allowance basis.

What a commentary on the inefficiency of communism! The political system that was going to make men free has only made men hungry patients, waiting in line with their bread cards for the doles of meat that mark such special occasions as the birthday of their pseudo-freedom.—Minneapolis Journal.

### Vagaries Of Gulf Stream

Captains See Curious Things Along South Equatorial Current

A strange story of the south equatorial current was told recently when the White Star liner "Euphrates" arrived at Southampton from Australia and the Cape. When the ship reached this current, which flows across the Atlantic from Africa, a long stretch of piled-up seaweed fringed its edge, looking exactly like a river bank. There was no sign of movement along this "bank," though the current was in motion. A Norwegian captain recently reported another curious occurrence in the Pacific, where he encountered "streets" of rusty-brown water between stretches of sea of the normal colour. Simlar "streets" of this time of a yellowish colour, have been seen between Hong-Kong and the Philippines during the last month or two.

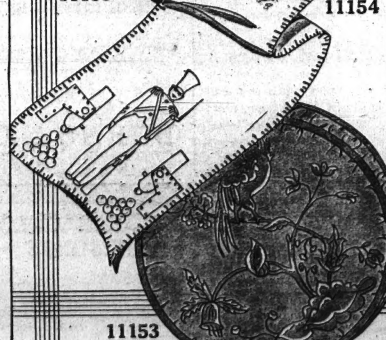

Baggs—Happy are they who look before they marry.

Boggs—Yes, and overlook after.

### Will Represent Canada

Boys' and Girls' Swiss Club Winners Basked By Canadian National Railways

Declaring that there was every reason to believe that they would bring back with them the world's championship in cattle judging from Great Britain next year, Hon. Dr. Motherwell, Federal Minister of Agriculture, gave words of sound advice, encouragement and congratulations to the three young farm lads who are to represent Canada in the 1920 International Judging Contest, at a dinner given in their honor at the King Edward Hotel at Toronto.

The three boys, Cedric Kirkpatrick, Gordon Campbell, and Clifford Baldwin, from New Brunswick, Nova Scotia, and Ontario, respectively, were the central figures at the banquet given in honor of the Boys' and Girls' Live Stock Club contestants by W. D. Robb, Vice-President of the Canadian National Railways, under whose auspices the contestants visited Toronto. It is under the joint auspices of Dr. Motherwell's Department and the Canadian National Railways that the three boys will have the trip to Britain for the world contest next summer.

Both Vice-President Robb and Dr. Motherwell took occasion to congratulate the three boys who are the first to win the honor for Canada. The theme of Dr. Motherwell's address to them was "Service to others" in their future lives. There was no question, he said, that these boys, as well as all the winners in the boys' and girls' contests, would become leaders in their communities and there rested a great responsibility upon them in seeing that they carried on to others in coming years what had been handed down to them from the Federal, Provincial and Railway authorities.

The Federal ministers said that this work was most valuable, and praised particularly what the Railway Company had been able to do for the young farmers.

Mr. Robb, in his annual address to the club members, said that the winners being honored represented nearly six thousand farm club members in Canada, and the movement was growing. It had been involved in the status of the Livestock Industry in the Dominion, and the Railway was only too glad to be of service in this regard. Dr. Black, Director of Colonization and Agriculture, for the Canadian National Railways, said the policy of his department to co-operate with the Federal and Provincial authorities in all movements for the improvement of agriculture.

Nearly one hundred agricultural officials from all over the Dominion were present at the dinner to honor the young farmers who had won the championships.

### Wheat In Farmers' Hands

A little over 50,000,000 bushels of wheat remains in farmers' hands in the west, according to the November report of E. A. Ureell, statistician to the Board of Grain Commissioners, dealing with the movement of Western Canadian grain during the past month.

## SUNDAY SCHOOL LESSON

DECEMBER 15

THE CHRISTIAN SPIRIT IN INDUSTRY

Golden Text: "As ye would that men should do to you, do ye also to them likewise."—Matthew 22:39. Lesson: Exodus 1:8-14; 20:17. Devotional: 24:14, 15; Amos 5:6-15; Zechariah 3:16, 17; Matthew 20:1-16; Mark 12:1-9; Luke 3:14; Ephesians 6:5-9; 1 Timothy 6:17-19. Devotional Reading: Matthew 7:1-5.

### Explanations and Comments

Laws Regarding the Treatment of a Servant, Deuteronomy 24:14, 15.—The law in regard to the hired servant of another race sojourning in their land, was fair and reasonable. He must be given his wages at the end of the day, for being poor, he was in need there; otherwise he would be made known to Jehovah the future and it would be accounted a sin unto the master.

The Obligation of Servants and Masters, Ephesians 6:5-9.—In the time of Paul the slaves were slaves, and here in his letter to the Ephesians he bids servants be obedient to their masters, as unto Christ, recall our text of last week, when Christ says of dead men that as they are done to Him. They must not give eye service, merely work that would "get by" with their human masters, but as slaves of Christ, do the will of God heartily, performing their tasks cheerfully as unto God, not unto men; knowing that the good work of every one, whether a slave or a free man, shall receive its reward from the Lord.

The Masters likewise have their obligations; they also must show goodwill to their servants, and must avoid threats, knowing that the command Master of all is in heaven, and in His judgment there is no respect of persons, no regard for difference of earthly positions. "Paul does not tell them to emancipate their slaves; but he tells them to love them as brethren (Philippians 16). This does not free the slave, but it frees slavery of its evils."—Dummelow.

The Obligations Of The Rich, 1 Timothy 6:17-19.—Paul tells Timothy to charge the wealthy not to be conceited (high-minded), not to set their hope upon riches which are uncertain, but upon God to whom they owe their good things. God giveth richly all things to enjoy, Christ came that we might have life, and that we might have it more abundantly. The rich should do good with their wealth, be rich in good works, ready to share, willing to communicate, and he tells them to love them as brethren (Philippians 16). This does not free the slave, but it frees slavery of its evils.

### New Dish For Her

Now that the season has arrived for the consumption of Belgian rabbits, the story is related of the dear old lady who was seated at dinner beside a polite gentleman who did his best to make conversation. "Are you fond of bobbed hair?" he asked. "I can't say," she answered. "I never tasted it."

### Victor: Do you know who I am, my little man?

Willie: Certainly! Don't you know who you are?

When you see six women going into a barber shop together it means that one of them is going to get a haircut.

### Illusion Destroying Facts

Despite Peace Talk, Nations Are Continuing To Maintain Armaments

Says the Manchester Guardian: Fifty-five per cent. of the British budget goes to pay for past wars, and 15 per cent. to prepare against future wars—that is to say, war costs us 70 per cent. in the pound. In France the proportions are almost exactly the same. Our present real expenditure on armaments is just as high as the average during the years 1900-1914. The same of the case of France. France spends considerably more than she did in those years. Russia has been augmenting her expenditure on armaments steadily during the last few years, and is, in spite of her poverty and her reduced size, approaching the war level. The United States has all records—its expenditure on armaments has nearly doubled. Even Germany's performance is considerable—she is supposed to be "disarmed," and yet she manages to spend a third of what she spent upon her colonial army and fleet before the war. The "economist" has done a public service in tabulating these illusion-destroying facts.

### Nothing Would Be Left

If Every Person Was Convinced Bible Is Not Divine

A Church of England clergyman declares that, the Bible is "not the word of God." Many people will agree with him, although not all will admit their agreement. But when it is said that the Bible is not divine, or that it is a contrived story and inaccurate, what is left?

The Bible remains the fount of inspiration for the human race. It is a staff for the young and a crutch for the old. It comforts in adversity; it sobers in prosperity. It is a key to the mind, and a key to the heart. No man can fail to grow in spirit who reads it daily, or sets aside a portion of Sunday for its enjoyment. If civilization lacked the Bible we should be the least civilized of nations. It is a book to be written, should we not call it divine?

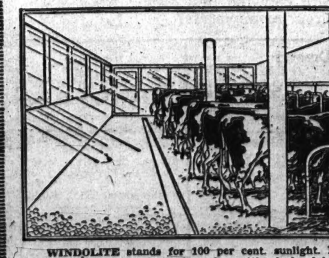

### Really An "Air" Plane

A Russian aeronaut expert, Prof. Blodine, has a pet theory which claims that aeroplanes flying 30 or more miles high in the air need no fuel. He claims that an increased supply of hydrogen at that altitude could be used as fuel. It is another such theory as the one which claims that a man can be written, should we not call it divine?

## WINDOLITE The Improved Glass Substitute

MADE IN ENGLAND

COMES WITH A MESSAGE OF HEALTH

THIS sun is the all-powerful life producer. Nature's universal disinfectant and germ destroyer, as well as stimulant and tonic. WINDOLITE is the sun's most important ally.

Medical research has definitely proved that from the point of view of Health and Hygiene, the most effective among the sun's rays, are the Ultra-Violet rays, which possess the greatest power for the prevention and cure of disease and debility.

Science has further established that the use of Ultra-Violet rays, so that by using glass we are artificially excluding these vital health-giving rays. Therefore, the invention of WINDOLITE has completely satisfied the long-felt want. Exhaustive experiments have conclusively proved that it is a most effective substitute for glass, that it freely admits the Ultra-Violet rays, and that it has a most beneficial effect on the growth and development of plants, and on the well-being of cattle, enabled for the first time to have healthy light instead of darkness in their stables.

Indeed, the discovery of WINDOLITE has during the last six years completely revolutionized gardening, given a new stimulus to poultry breeding, increasing the egg-laying capacity and fertility of chickens, has greatly improved the health of cats and dogs, and is used in domestic and household requirements.

WINDOLITE stands for 100 per cent. sunlight. It makes light let strong windows for cattle sheds, dairy stables, poultry houses, brooders and all out buildings. It is economical, unbreakable, flexible and is easy to cut and install. It is now being successfully used for sunrooms, verandas, schools, factories, hospitals, sanitariums, hot beds, plant coverings and greenhouses. It keeps out cold and rain, but lets in the sun with an ordinary pair of scissors and is easy to fit. WINDOLITE is supplied in rolls any length but in one width of 36 inches only. A square yard of WINDOLITE weighs about 14 lbs. and will cover a square yard of glass of ordinary thickness, weighs about 135 to 150 ozs. The improved WINDOLITE requires no varnish, WINDOLITE is made in England.

Price \$1.50 Per Square Yard, f.o.b., Toronto.

## The Singing Fool

By HUBERT DAIL

Copyright, 1928, Warner Bros. Pictures, Inc.

### SYNOPSIS

Al Stone, singing waiter at Blackie Joe's New York night club, is loved by Grace Farrell, the cigarette girl, but he doesn't know it. He marries Molly Winton, a ballad singer, but after he wins fame as a composer of popular songs, Molly suddenly disappears with John Perry, Al's best friend. The couple take Al's two-year-old baby, Junior, and sail for France. Al, completely broken by his loss, disappears from Broadway and becomes a derelict. Months later he appears at Blackie Joe's club, where Grace Farrell tries to shame him into staging a comeback by telling him she will tell his boy later how he drifted down. In a rage, Al threatens to kill her.

### CHAPTER XXV.

Now Al was in front of Grace; his thin hands reached toward her throat, but she did not flinch or make a sound. She felt the lean fingers go round her white throat, while the haunting, terrible eyes rose on a level with her own, then above her. The fingers tightened—he was pulling her closer to him. She half closed her eyes—well, if he wanted to kill her, let it come. She loved him still—she knew it at this fearful moment.

But as Al felt her graceful young body against his own, the instinct of the killer subsided. She was young and beautiful, and suddenly the reason for her harsh attitude became apparent to even his disordered mind. —He was doing it to help him. The tension in him snapped, his hands loosened about her throat, and his head was buried against her breast. As she felt him sagging Grace's arms went round him, holding him close. Her radiant face was lifted in a prayer of thanks.

She could only think of one thing. She loved him, she was going to pull him back to courage and life. Finally his head came up.

"I'll do my best, Grace! I'll make good—I'll show my kid his daddy isn't a flop!"

At that moment Blackie appeared at the door, took one look, and lifted away.

Al stared at Grace. "I can do it if you'll stand by," he suggested.

Grace nodded. "You can count on me, Al," she whispered tenderly.

As Al spoke Grace realized the full significance that lay behind his words. He was saying that his comeback depended on her, but he was also suggesting something more—that he wanted her in his life. Did that mean that he loved her—at last?

Her lips trembled and she reached up to stroke his hair. His hair hadn't changed, at any rate. It was the same thick, lustrous black it had always been. She was confused and embarrassed, and she felt tears fill her eyes in spite of her efforts to fight them down. Then Al's face became sadly before her.

"Everything will be all right, Al," she whispered. "You've got the stuff—we both know that."

She was really talking to fight her way back to self-control. She realized now the fearful price she had paid in desperately striving to put Al

out of her thoughts during these past three years. The effort had taken terrible toll from her emotional nature. No wonder she knew she lost. Al needed her and asked her to stay close to him produced a shattering reaction.

Some vague feeling of this reached the young singer writer, but he couldn't be sure of the cause. He saw Grace's beautiful eyes dimmed by tears, but for all he knew this display of intense emotion on her part might come from a merely paternal feeling or from the generous sympathy that made Grace feel kindly toward almost everybody. He had never known that she loved him.

"Grace," he said, "I did write a song several months ago, but I thought it wasn't any good, so I put it away. But I know how it goes. Would you like to hear it?"

"Of course I would, Al!" Grace answered quickly, glad of an escape from her own highly charged feelings.

"Sit down at the piano—try it!" Al moved hesitantly toward the piano. "I'm not sure I can even play it—my fingers are like bread sticks. But I'll try."

He pulled the stool up to the keyboard and ran up and down the scales in preparation. Already, it seemed to him, his fingers were more supple and stronger. But of course he now had a reason for playing.

"It's called 'Among My Souvenirs' and it starts like this—"

The song began, Al's voice matching the pathos of the words. Grace leaned against the piano, chin in hand, a rapt expression on her face.

Now the mist of tears had passed, she was able to see Al clearly and she made no attempt to hide her joy in his presence.

His voice came waveringly at first, then stronger. Grace made a mental note that golden voice that ran the emotional scale so easily from humor to tragic sentiment was just as flexible as ever. If anything, its emotional quality had been deepened by his years' experience.

Grace was thrilled, first by the song, then by the gaze of affection that Al fixed on her. The listless look had passed from his eyes, he had forgotten his stiff, sore fingers. He had lost himself in the song and in the vision of Grace before him, so that the change of his face made him a different man from the derelict who had staggered into Blackie's place an hour ago.

But as the singing moment he almost became the old Al.

The last note of the song ended, and suddenly Al slumped down on the piano stool, burying his head in his crooked arm on the keyboard. The strain of singing and playing was too much for him, and he was faint.

Grace came around the piano rapidly, putting her arms about him, whispering in his ear:

"There, there! I know it's hard at first, but the sooner it comes it will be a success—I know it! And it's only your start."

"Do you think so, Grace?" Al raised his head. "Do you really think so?"

"I'm sure of it!"

Then Grace turned. Blackie was in the doorway again.

"Did you hear it?" she whispered.

"Yep," Blackie nodded. "It's a war!"

Blackie was fairly beaming. When Al wasn't looking, he beckoned to Grace to slip away for a moment. Then he went back to the main room and waited for her.

"I can see you've pulled him out of it," whispered Blackie, "but how on earth did you do it?"

Briefly Grace explained. Blackie patted her approvingly on the shoulder.

"You're a smart kid, Grace, and I hope Al appreciates you. You've made a good start, but you know it will be awfully easy for him to slip back again. Make him find himself a decent place to live and make him buy himself some decent clothes. That helps a lot."

"Sh-h!" Grace put her finger to her mouth, afraid Al would hear. "I won't let him slip back—you leave him to me."

Blackie chuckled as Grace hurried back into the room with Al; already she was assuming a possessive manner toward the man she loved. Well, thought Blackie, he couldn't be in better hands!

It was morning—again the customers had all left, the chairs were piled on the tables and the scrub women were busy cleaning up. Again the windows of the main room were thrown open, allowing the stale smoke from cigars and cigarettes to drift outside in silver spirals.

"Al, you should be going home to get some sleep," said Grace gently. "May I walk along with you?"

"Of course, Grace. Let's go."

As they started for the main room Grace glanced down the dressing room corridor. She recalled that morning more than three years ago when she had overheard Al and Molly planning marriage. Then she had run away to hide her tears. How similar this morning was, yet how different. Now she was walking home with Al,

and he had begged her to "stand by." Down the narrow stairs they went, but when they reached the street Al swayed for a moment. Grace took his arm.

(To Be Continued.)

### Christmas in the Red Cross

Parcels Sent Out To Cheer the Needy At Yule-Tide Season

The kindly old saint whose name is honoured once a year, has a very special place in the heart of hearts for the society that remembers the little children of the settlers and the newcomers to Canada. In many a small log cabin in the northland, in many a small prairie shack there will come large and important looking parcels, bearing a well known seal, that of the Red Cross. The contents are specially selected with the thought of the family's needs, for often the newcomers have no idea of the severity of the Canadian winter and are unprepared with the warm and comfortable bedding which is of first importance. This is why there may appear in some of the parcels a bright red quilt made by the Red Cross sisters at the weekly program which the Society broadcasts from C.J.C.A. Edmonton. There will be scarves and mitts and socks and baby garments and of course toys to please the little ones. It is a busy time in the Alberta Headquarters as the month of December draws near, for many of these gifts of Christmas cheer have to travel into the far north where roads are frozen and mail is uncertain.

The Junior Red Cross members who number thirty thousand in Alberta take a special pride in their gifts to the children in their own two line hospitals at Calgary and Edmonton, and each child in a cot there, is remembered for December 25th. This generous act on the part of the Juniors is one way in which they keep their pledge "to help those less fortunate than themselves."

### Solved the Mystery

Demand For Lemons Traced To Needs Of New York University

A mysterious demand for lemons which exhausted the stocks in fruit and vegetable stores about Columbia University, New York, was explained with the discovery that more than 100 chemistry students had been instructed to bring their own lemons to the laboratory for experiments. The run on lemons started innocently enough on a Friday. By Saturday afternoon it began to perplex grocery dealers and among hundreds of housewives in the vicinity who could not procure lemons. Amsterdam Avenue for six blocks on both sides of Columbia could not produce a lemon. The lemons were used to get citric acid for chemical experiments.

### A Necessary Luxury

There are now 200,000 telephones in Toronto. In 1879 the first phone was installed in the Queen's Hotel, and today in the Royal York, on the same site, there are 1,600 lines. Evidence of the increasing popularity—the increasing need—of the telephone is contained in the fact that forty-two years elapsed before the first 100,000 telephones were set up, while in the brief space of eight years the second hundred thousand have been placed in use.

Nation-Wide Fame. —There is scarcely a corner of this great Dominion where the merits of Dr. Thomas' Electric Oil have not been tried and praised. It is one of the most successful remedies for sore throat, laming back and many other ailments arising from inflammation. Rubbed on the skin its healing power is readily absorbed, and it can also be taken internally.

Calgary Solves Housing Problem

Calgary's housing problem is gradually being solved. Since the first of the year no less than 576 houses valued at \$2,634,835 have either been built or are under construction. During the year 1928, 480 houses, valued at \$2,089,075, were built. The average cost of each home this year is \$4,750, compared with \$4,350 for 1925.

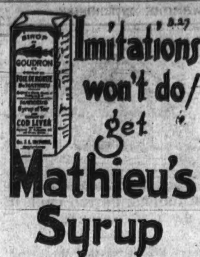

Ecuador is famous for its diamond mines.

KEEP TRAFFIC MOVING

Pompeii never had traffic problems. In the human system, as in modern cities, the great need is to keep the traffic moving. A slight obstruction may cause very serious consequences.

The race to beat the human body—the intestine—is 32 feet long. Think how easy it is for this long, tube to become clogged. Think how essential it is to keep it healthy and active.

You cannot slip by saying "I cannot go because I have a sick headache." You cannot plead indigestion or biliousness or constipation. It simply isn't done. You cannot confess that you are a victim of self poisoning from half digested food lying in the intestines, decaying and generating poisons which bedevil the eye, blotch the skin and stupefy the brain. Don't put off or delay. Try what a little friendly aid will do. CARTER'S LITTLE LIVER PILLS. Red Packages all druggists 25 cents.

**Limitations won't do/ get Mathieu's Syrup**

OF TAR & COD LIVER EXTRACT  
Sold in ampoules & bottles by dealers everywhere.

### New System Of Radio Sending

Transmission Of Entire Newspaper Page May Be Possible

A new system of radio communication by which it is claimed congestion of ether will be completely solved and by which cheap, high speed transmission of photographs of entire pages of a newspaper may be possible, was described at a dinner of the British Radiostatic Corporation in London.

The invention of the new system is Dr. James Robinson, formerly chief of wireless research of the British Royal Air Force. Robinson's device, known as the Stenode Radiostat System, was claimed to permit radio telephone to be received on a frequency band of 10 cycles or less compared to the present day practice which involves a frequency band of more than 9,000 cycles.

The device, speakers said, will not make it necessary to scrap existing sets but instead will increase greatly their utility by giving great impetus to the radio industry.

### IS THERE A BABY IN YOUR HOME

Is there a baby or young children in your home? If there is you should not be without a box of Baby's Own Tablets. Childhood ailments come quickly and means should always be at hand to promptly fight them.

Baby's Own Tablets are the ideal home remedy. They regulate the bowels; sweeten the stomach; break up colds and simple fevers—in fact remove all the minor ills of childhood. Concerning them Mrs. Mollie Cabotte, Mankin, Que., writes:

"Baby's Own Tablets are from indignation and vomiting, but the Tablets soon set her right and now she is in perfect health. The Tablets are sold by medicine dealers or by mail at 25c a box from 'The Dr. Williams' Medicine Co., Brockville, Ont.'"

Trying To Outdo Spider

Silk Manufacture Rapidly Nearing Perfection in Fineness Of Weave

In the manufacture of artificial silk at least one manufacturer has gone far beyond the silkworm—and is now rapidly nearing the spider, who, in terms of fineness of fiber, has long been the all-time champion. Filaments of artificial silk .004 inch in diameter have been spun. The usual spider filament is .0023 inch in diameter. So fine is this artificial silk that 4,227 miles of filament are required to make a filament pound.

An ordinary sheet of newspaper is nine times as thick as the filament. The filament is woven into yarn which, because of the fineness of its parts, has more the feeling of silk than has the coarser material. Because of this advantage it is reasonable to expect that even finer filaments may eventually be spun, that we may completely outdo nature in this field.

A safe and sure medicine for a child troubled with worms is Mother Graves' Worm Exterminator.

A Lonely Family

That they have the loneliest home circle in Australia, possibly in the world, is the claim of the family of M. Gunn, telegraph operator at the Cape York station, in the farthest north point in Australia. On one side are hundreds of miles of impenetrable bush and on the other leagues of shark-infested sea. In the last three years the Gunns have seen only 20 people.

Dance Floor By The Yard

A portable dance floor has been introduced in London, England, which will offer a perfect dance floor to anyone desiring to move from place to place. It is made up of strips of wood firmly attached to a strong canvas backing. It can be rolled up like a carpet and costs about as much per yard as a good rug.

Only three towns with a population of more than 500 are to be seen along the 500 mile stretch of the Alaska railway.

Minnard's Liniment For Distemper.

### Byrd Making History

First Man To Fly Over North and South Poles

The New York Times, the St. Louis Post-Dispatch and newspapers affiliated with them, in publishing reports from Commander Richard E. Byrd's expedition, announce that Commander Byrd had safely returned to his base, Little America, after a successful flight across the South Pole, in which he surveyed much adjacent territory.

Commander Byrd's flight across the South Pole has made him the first man in history to fly across both the earth's poles.

In May, 1926, in the tri-motored aeroplane, the "Josephine Ford," Commander Byrd flew from King's Bay, Spitzbergen, across the North Pole and returned.

That springtime flight required a total of 15 hours and 30 minutes and the round trip covered 1,600 miles. In addition to being the first to fly across the North Pole, Byrd was also the first man to fly over it in a heavier than air machine. On that historic flight, his pilot was Floyd Bennett, who died April 25, 1928, while attempting to rescue the crew of the trans-Atlantic plane "Bremen" on Gretna Island. Bennett was second in command of the Byrd Antarctic expedition and had intended to accompany the commander on the trip.

The flight across the South Pole, was the first attempt he had made to fly to the pole, although previously he had used aeroplanes in flights from his base at Little America in laying sub-bases on the route to the pole and in exploration trips.

He was the third man to reach the South Pole. The first was Roald Amundsen, a Norwegian, who reached it December 14, 1911. A few days later he was followed by Captain Robert F. Scott, British explorer. Both of them used overland methods of travel.

Minnard's Liniment for Chapped hands.

Has Become Popular

Mayon Is Manufactured In Nearly Every Country In World

Rayon was a product little heard of ten years ago. Today this substitute for silk is manufactured in nearly every country on the globe. The largest rayon holding company in the world has just been incorporated in Maryland with a capital of \$60,000. It has interests in six countries. Last year the United States produced more than 107,000,000 pounds of rayon alone, or about twice as much as its nearest competitor, Italy.

Happy Without Millionaires

Prince Edward Island boasts no millionaires. Her frugal people have so far, as a rule, followed the golden mean and lived contentedly between the little and the great. And the small community under the smile of heaven is just as happy as any other of like number in North America or elsewhere.

"Now I want an alert lad," explained the employer. "Are you quick to take notice?"

"Yes, sir," I've had it twice in a fortnight," replied the applicant.

## GETTING ON

The editor of a country newspaper moved to a big city the other day, and deposited a large sum of money in one of the banks. He had been publishing his little country paper for over thirty years, and had moved to the city with \$10,000 in his credit. When asked for the secret of his great success he replied: "I attribute my ability to retire with a \$10,000 bank balance after thirty years in the country newspaper field, to close application to duty, pursuing a policy of strict honesty, taking the good times with the bad, always practising the most rigorous rules of economy, never spending a penny foolishly, everlastingly keeping at my job with a whole heart—and to the recent death of an uncle who left me \$2,500 15s 6d."

## HOCKEY HINTS

The sport editor of the Yorkton Enterprise, has furnished a few thoughts on the coming hockey season, which have direct application to every hockey community. They might well form a guide of conduct for all fans and all competitive teams. To quote briefly:

"The most important point about this hockey business is to play the game. Too much attention is given to the winning part and not enough to the sporting end. First and foremost every player should be properly qualified. It is up to the executive to see that this rule is enforced. The next important thing is to have a neutral referee. No matter how good the hometown man is, he has no business to officiate in any game. The matter of deciding the winner of the league should be decided on the ice not in a committee meeting."

"To return to the actual playing of the game, there has at times been altogether too much bitterness. Let a friendly spirit of sportsmanship exist between each and every team that goes to constitute the association. May the best team win the championship of the province and may the team that wins that honor capture the Allan cup. Let this town adopt the underlying theme of this verse: "Who makes or who wins the prize, Go lose or conquer as you can, But if you fail, or if you rise, Be each, pray God, a gentleman."

## THE KU KLUX KLAN

The editor regrets deeply the presence in this Province the past three or four years of the Ku Klux Klan with its signals of fire and its bitter anti-Roman Catholic bias. The records of the K.K.K. in the Southern States and of the Vigilantes in the cattle-ranching states, with their lawless taking of human life, are red and black with trails of blood and destruction.

In a free, openly governed country like Alberta there is every opportunity for complainants to bring their grievances before courts and legislatures to have justice meted out to offenders and to have their own rights maintained. If the courts and legislatures, the police and the governments, fall down, it is mainly the fault of the people in not giving them the support to which the law and the statutes are entitled; the people are afraid to incur responsibility and face duty. And then to have decent citizens ally themselves with a secret organization, the officers of which are very liable to exult in the secret power placed in their hands and to use it

or bullying and breaking down the kindly relations which should exist between our people is a public danger and a public disgrace.—Red Deer Advertiser.

## A BOOM IN SIGHT FOR LUNDBRECK

A. M. Densmore, merchant and oil timer of Lundbreck, was in the city Tuesday, and to the Herald said he expected Lundbreck to be the centre of considerable oil development in the spring. Mr. Densmore explained that he had been informed by John Finch, former president of Marjion Oil company of Vancouver, that Marjion had merged its acreage with the Craig Syndicate giving the new organization 10,000 acres of potential oil lands north and west of Lundbreck in the foothills.

This block has been taken over for development by well financed California interests and a well will be started early in the spring. The Americans are interested in the structure because of the very favorable reports by Johnson of California, and Putnam of Washington, D.C., geologists of wide reputation.—Lethbridge Herald.

J. M. Douglas has been elected to succeed Mayor Hury at Edmonton.

The annual convention of the Alberta School Trustees Association will be held in the central United church at Calgary on February 4-6.

The rumor that Caccioni, well known here, had died at Drumheller, has not been denied by Caccioni.

Dr. R. K. Lillie this week accompanied his father, Dr. O. Lillie, from Cranbrook to Calgary for medical treatment.

All but five of the seventy Newfoundland fishermen who were driven to sea in a storm last week have been rescued.

Sunday, 29th—No service.

The Christmas treat for the Sunday school will be held in the Elks' hall on Wednesday, December 18th. Any

## LAUGHTER AND TEARS BLEND IN JOLSON'S "SAY IT WITH SONGS"

Orpheum Theatre, Friday and Saturday.

"The best picture I ever made," Al Jolson says of "Say It With Songs," his latest Warner Bros. picture which comes to the Orpheum theatre Friday and Saturday.

The story of "Say It With Songs" leads naturally to many-sided characterizations. In the role of song writer and radio entertainer the one and only Al has a chance to do many of the clever things which make him Jolson. He is seen at broadcasting stations, at home with wee Davy Lee (played imitatively by wee Davy Lee) and in prison where he has been sent as the result of the accidental killing of a man who tried to break up his home.

His wife at his wish, secures a divorce and puts the child in a school. When Jolson finishes his term in prison he goes at once to see the child, who follows him and is run over by a truck. The story is thrilling but has a happy ending. "The story of 'Say It With Songs,'" is by Darryl Francis Zanuck and Harvey Gates. Scenario by Joseph Jackson. The support includes beside Davey Lee—Marion Nixon, Holmes Herbert, Kenneth Thompson and Fred Kohler. Lloyd Bacon director.

The attraction at the Bellevue theatre this week end is Cecil B. DeMille's first all-talking picture, "Dynamite." Next week will show William Boyd in "The Flying Fool."

Bellevue business people and citizens have subscribed a fund of close on \$150 to help finance hockey this season.

contributions in kind or cash will be gratefully received.

—A. D. CURRIE, Rector.

GLASGOW:  
Gordon B. Johnson, 200 St. Vincent Street, Glasgow, Scotland.

Great Britain wants more Canadian foodstuffs. The plain fact is that the increase in trade in some of our food exports to the old country is not keeping pace with the growth of demand.

Britain's markets are wide open to Canada. Because of the exhibitions of Canadian products, the activity of our Trade Commissioners, and the effects of our advertising, the British consumer is more familiar with these products than ever before, and consequently more inclined to buy. Good will in Great Britain towards Canadian products never has been at a higher point than now. All the facilities of transportation for all classes of products from Canada to Great Britain have been provided.

Shall we Canadians overlook or neglect the opportunities for increased export trade which are thus laid before us?

Just because domestic markets are good, shall we as producers be so short sighted as to fail to satisfy so large a market which is more favourably inclined towards our products than ever before?

Not yet is there among our producers an adequate realization of the opportunities for increased production which present conditions in the British markets afford.

If you are a producer or dealer in foodstuffs, you can assist to your own profit in gaining a larger share of this market. Almost every community in this country stands to benefit. The result can be attained by:

1. Producing more of the kind of products the British consumer wants.
2. Keeping up a constant supply.
3. Maintaining quality standards.

Through its Commercial Intelligence Service, this Department will render valuable assistance to any exporter. Our Trade Commissioners' Offices in Britain are especially well-equipped and strategically placed to handle any export problem on behalf of Canadian exporters. Enquiries regarding British Trade receive prompt attention. Write to the Commercial Intelligence Service, Ottawa.

### CONDEMNS THE K.K.K.

Blackfalds, Nov. 28, 1929  
To the Editor of the Advocate:  
Dear Sir:—In your issue of November 27, you give considerable prominence to certain lectures given in your city on Sunday by an apostle of the Ku Klux Klan, in which he extolled the virtues of that organization and sought to make it appear as of "British origin."

The writer knows nothing whatever about the virtues of the Ku Klux Klan, although living in typical Klan country for upwards of thirteen years. But he does know about its infernal practices and rottenness, also its effect upon general community enterprise, and its menace of playing the political game, and if this thing is British in any sense of the word, then the State of Indiana has reached a point in British development which I hope the Province of Alberta will never attain.

The chief stock in trade advertisement of the K.K.K. in the United States is "One Hundred Per Cent Americanism", and nothing in that country that carries such a label will admit of being British in any respect. And it isn't British; nor does it admit to its membership British subjects, even though naturalized. At least it did not back in 1922 when I was offered a chance to sell it at \$10 per, \$6 of which was for myself: an opportunity, by the way, which I absolutely refused to consider.

That any institution bearing the label of "100% Americanism", carrying the stigma of Stephenson, of Indiana, Clark of Georgia, and others should make any kind of an appeal to the community of Red Deer is absolutely beyond me, for after all is said and done the Ku Klux Klan in this country is nothing more nor less than the scum off the slop of a particular brand of Indiana 100% Americanism.

Space forbids that I write further regarding this foreign alime, but if there is any Protestant organization, church or order in your city that believes it can be classified as essentially British or Canadian, I stand ready at any time, except a Sunday (because I wouldn't desecrate the Sabbath by talking the infernal stuff), to tell its members, or adherents, or the community of Red Deer, just what this thing has done and will do, and I will not ask a thin dime for my services.

Thanking you, Mr. Editor, for your valuable space,

Yours for a happy community

WM. J. CLARK,

Ex-Assistant Treasurer, State of Kansas.—Red Deer Advocate.

### COWLEY HAPPENINGS

John Kemmis, of Calgary, spent Monday in Cowley.

A sale of horses was conducted by W. T. Eddy here on Saturday, which was fairly successful.

Owing to severe weather conditions, the whist-drive billed to take place here on the evening of the 13th, has been postponed.

Snow, which began falling here on Saturday night, continued all day Sunday and Monday, and has mantled the ground with a blanket two feet deep on the level.

A Christmas entertainment will be staged in the I.O.O.F. hall on the evening of the 23rd. We expect Santa Claus will be there, loaded down with heaps and heaps of nice things for good girls and boys. He's coming this year in an airplane.

A whist drive was held in the I.O.O.F. hall on Friday evening last in aid of the Christmas tree. Fifteen tables were at play, and prizes were won as follows: ladies' first, Mrs. Snyder; gents' first, John Heatherington; while the consolations were awarded to Mrs. McEwen and Stanley Heatherington. About \$34.00 was realized and a pleasant time was reported.

### Didn't Believe It

Dr. Pearson (after bringing him to): "How did you happen to take that poison, Rastus? Didn't you read the label on the bottle? It said 'Poison'."

Rastus: "Yessah, but Ah didn't believe it."

Dr. Pearson: "Why not?"

Rastus: "Cause right underneath it was a sign said 'Lye'."

Get your rinks lined up for the Bonspiel.

AT THE ORPHEUM  
FRIDAY AND SATURDAY

Hear Al Jolson sing "Little Pal"—Little pal, if daddy goes away, Promise you'll be good from day to day,

Do as mother says and never sin, Be the man your daddy might have been; Daddy didn't have an easy start, So this is the wish that's in my heart:

What I couldn't be, Little Pal, I want you to be, Little Pal; I'm putting my faith

And my hopes all in you To do all the things That your daddy couldn't do—

I'll pray every night, Little Pal, That you turn out right, Little Pal.

If some day you should be On a new daddy's knee Don't forget about me Little Pal—

From the moment you were sent to me You've been all a Little Pal should be—

Oh, the plans that I have made for you Promise me you'll make them all come true

Something tells me here within my

heart You'll succeed in everything you start!

The High River Times states: "Magistrate Walter S. Davidson, of Calgary, disposed of 135 persons in three hours." That beats Jack the Ripper all hollow.

Mike Moxin, the genial proprietor of the Oxford hotel at High River, has donated a silver trophy for senior amateur hockey competition in Alberta. Mike was a former resident of Blairmore and Frank.

The twenty-umpteenth birthday of Miss Phemia Fraser was recently celebrated at the Cosmopolitan hotel, when a party of about twenty friends gathered to help administer the necessary spanks. A very enjoyable time was had and wishes of everyone were extended for ninety more of such celebrations for her.

## King Wheat and Wheat Kings

Canada again this year achieves the distinction of having produced the finest wheat in the world by winning the grain championship at the great International Livestock Show, at Chicago. J. H. B. Smith, of Wolf Creek, Alberta, brings this honor to the Dominion, and the title of wheat king of the world to himself. Thus the world's champion wheat trophy returns to the Dominion after having rested with a Montana man for two years. Canadians held the championship in 1921, 1922, 1923, 1924 and 1926, and the reserve championship in 1927 and 1928.

The winning of this world's championship is not a case of good luck. It is the result of years of careful planning and hard, painstaking study and work. Such an honor only accrues to those who farm in scientific manner, selecting and sowing the best seed, and from year to year learning the lessons of experience. True, they must have the background of good fertile soil, and the right kind of climate. These, fortunately, Canada has in abundance.

Canada's wheat honors are, however, a double triumph for this Dominion. It was in Canada, and through the persevering efforts of a great Canadian, that Marquis wheat was given to the world, a wheat which revolutionized the production of this great cereal grain and added untold millions to the agricultural wealth of this continent. Marquis won many prizes.

This year the grand championship is accorded to Howard wheat, also a Canadian development, or discovery if you will. Canada, too, is leading the world in the efforts put forth to develop a rust-resistant variety of wheat of the highest milling quality and possessing all the essential qualifications of an early ripening variety, just as Canada has the honor of developing the early ripening varieties now in general use.

The bringing back of the world's wheat championship to Canada is a gratifying prelude to the great World's Grain Show and Congress to be held at Regina, Saskatchewan, in 1932. This proposed Grain Show and Congress will be the greatest event of its kind ever held, and the cash prizes to be awarded for grain will exceed anything hitherto offered at any exhibition in the history of the world. Strong committees representative of the Dominion and of each of the nine Provinces of Canada are already at work on the arrangements for this world's gathering three years hence, and it is confidently hoped and expected that between forty and fifty countries will be represented not only by exhibits, but by Government and agricultural representatives. All the world's great leaders in agriculture and the most noted research workers will participate in the Congress, with the result that the eyes of the grain growing world will be centred on Canada as never before.

Canada is already the greatest wheat exporting country in the world, not only in actual volume but also in quality of product. Every world's championship won serves to enhance that reputation, and the Dominion is placed under a lasting obligation to those farmers who, like Mr. Smith and his predecessors in winning championships, devote their time and energies to achieve such success.

The year 1932 is not very far away. It is not too early, nor is it too late, for many more of our Canadian grain growers to lay their plans and begin work with a view to winning for themselves and for their Province and Dominion the title of World's Wheat King, 1932. Such a title awarded at the Regina Show will, in view of the much wider field of competition, be a much greater title than that awarded annually at the Chicago International.

Canada's farmers should vie with one another in friendly rivalry in an endeavor to retain for this Dominion the world's wheat championship title in each of the years preceding 1932, culminating in a supreme effort to hold the honor at Canada's first World's Fair in the latter year. To retain the title that now, thanks to Mr. Smith's efforts, rests with this Dominion will do much to attract still greater attention to this country in all parts of the world, and will be a powerful factor in bringing additional thousands of visitors to the Dominion in 1932 to make personal investigation and study of this great land.

### "Partnership Spirit" Railway Contribution

Railroad Operation Is a Partnership Proposition, Says Sir Henry Thornton

"We in the railroad industry have come to the point of view that successful railroad operation is a partnership proposition," so declared Sir Henry Thornton, chairman and president of the Canadian National Railways, in addressing the delegates of the first annual meeting of the International Association of General Chancellors, Brotherhood of Railroad Trainmen, in Montreal. Three contributions to the art of transportation had been made by the Canadian National Railways, he said. One was the demonstration that a state-owned railroad could be operated efficiently and without political interference; the second was mechanical—the Diesel electric locomotive, "within its own peculiar limits the most effective transportation machine of which we are aware"; and the third was the development of co-operative effort between the railroad administration and the employees. "The interests of each are the interests of both," said Sir Henry. The co-operative systems on our railroad enable the administration and the employees to join hands in presenting more convincingly to the public the problems of transportation, in showing the public that it is served with vigilance, technical skill and even anxiety at every moment. "A railroad," he went on, "is made up of materials and men. We inspect our materials before buying them and take good care of them when we have them. We should do the same with the other factor, our men. Efficiency in operation depends, to a large extent, on the comfort of the workers."

"I'm tired, ready, dead," "You'll have to wait, John, I had to send for the dressmaker to bust the chicken."

## Beware Infection

Infection of cuts and bruises is best prevented by applying Minard's.

**MINARD'S**  
"KING OF PAIN"  
LINIMENT

## Film Canadian Scenes

Motion Pictures Now Available and Supplied Free of Cost By Government

Mr. Nathan L. Smith has made motion picture film of the past few years while doing other work, and from this material has been made up six single reels of films of about one thousand feet titled as follows:

- (1) In Canada's Fjords (showing the Norwegian like character of the country around Bella, Coos, B.C., the Norwegian colonists and their methods of earning a living by farming, fishing and logging).
- (2) The Bella Coos Indians.
- (3) The Carrier Indians.
- (4) The Teishman Indians.
- (5) The Coast Salish Indians.
- (6) The Kootenay Indians.

These films are subtitled and are available on application to the Acting Director of the National Museum of Canada, Ottawa, Ontario, Canada. The only expense is the expressage both ways. The films are of standard (35 mm.) width, and so may be shown in motion picture theatres. The negative of Nos. 2, 3, 4, 5 and 6 are in order so that prints may be had from any of them at cost that is with no charge for the use of the negative.

## Sagacity Of Dogs

Incident Would Go To Prove That Man's Faithful Friend Has Reasoning Powers

It is pretty hard to convince people who are much with dogs that dogs don't have reasoning powers. A young Canadian trapper up in Ontario who had accidentally shot himself from help tried to note to his dog's collar and sent him off toward the nearest camp. The dog ran through three miles of brush, swam a river and reached the camp, which sent help immediately to his master.

It wouldn't be much use to try to make that trapper believe that his dog doesn't think—Duluth Herald.

## The Final Payment

"The designated client said to his lawyer: 'You feel it is important that I take care of you to do the work.'"  
"It is my regular fee," said the lawyer. "I am not charging you for time, but for the cost of my legal education."  
"Very well, give me a receipt for the cost of your education, so that the next man won't have to pay for it too."

## To Manufacture Combines

Alliance Is Formed Between Australian and Canadian Farmers  
As a result of an alliance between an Australian manufacturer of a combine harvester-thresher, and a Canadian manufacturer, the Australian machine is to be manufactured by a new \$2,500,000 Canadian corporation at Waterloo, Ont., according to reports sent to the Department of Commerce, by Assistant Trade Commissioner William P. Sargent, at Toronto. The project will give employment to about 1,500 workers.

## RHEUMATIC VICTIMS

Can Find Relief Through Building Up the Blood

Pain is the symptom of rheumatism that every victim recognizes, and he generally attributes the trouble to cold, damp or changeable weather. But doctors know that the real cause is a marked characteristic of the trouble. Trying to cure rheumatism while the blood remains thin and poor is an impossible task because there is nothing to build up. A tonic like Dr. Williams' Pink Pills that builds up the blood and frees it from poisonous impurities soon banishes rheumatism from the system. So long as blood is maintained in a healthy condition the trouble will not return. This is mostly my shoulder, and at times so bad that my right arm was almost useless. Of course I suffered much pain and great inconvenience. My attention was directed to Dr. Williams' Pink Pills through an advertisement in our newspaper, and I decided to try them. I took the pills according to directions with the result that the rheumatism has disappeared and I have never had a twinge of it since. It is this meets the eye of any rheumatic sufferer my advice is try Dr. Williams' Pink Pills at once. You can get these pills from any good drug dealer or by mail for 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Preparing for Spring Work

Saskatoon Has Authorized Purchase Of 10,000 Loads Of Stone  
As a preliminary for the spring work, the Saskatoon City Council have authorized the purchase of 10,000 loads of stone at a price of \$1.75 per load. Those engaged in the work must be bona fide citizens of Saskatoon and must pay for a city driver's license. Stones may be gathered anywhere but along the river bank, which is the property of the Crown, even in the city limits. The stones will be piled in various locations ready for the crusher in the spring.

**Persian Balm**—alluring, provocative and charming. Fragrant and refreshing as a cool breeze in summer. Delightful to use. Creates complexions of surpassing loveliness. Makes the skin velvety soft in texture. Softens and whitens the hands. Perfect for women who care for charm and sian Balm is a perfect toilet requisite. Use it for hands and face.

## What Good Was It

The death of Pauline Popitz, 80-year-old Brooklynite, brings up the controversy—"What good did she get out of it?" and "It gave her old age independence." She lived in an old broken-down house, and did all of her own work. After she died more than \$500,000 was found in her rooms in bonds, mortgages, and bank accounts.

A fruit grower near Berlin, Germany, has successfully kept birds from his orchard by connecting a loud speaker to his scarecrow.

## Minard's Liniment For Coughs.

There is nothing that pays bigger dividends in comfort than that of pulling up an extra blanket during a night suddenly turned cold.

**CORNS RELIEVED

Corn Extractor

## FARM YOUTHS HAVE TRIP TO BRITAIN

These three youths will leave for England, shortly, to take part in international judging competition. They were two Royal Winter Fair champions. They are: (1) Cedric Rickard, of Nova Scotia; (2) Gordon Campbell, of Nova Scotia; and (3) Clifford Boldwick, of Barrie, Ont.

## Recipes For This Week

(By Betty Barclay)

Now that the days are colder we have a greater craving for meat, eggs and fish than we had during the summer months. Here are a couple of unusual and economical meat dishes that will prove very popular.

## CAROLINA MEAT LOAF

- 1 1/2 pounds chopped beef.
- 1 small onion.
- 1 large green pepper.
- 2 small pickles.
- 14 teaspoon salt.
- 3/4 teaspoon pepper.
- 3/4 teaspoon paprika.
- 1 Strained tomato juice.
- 1 pint.

Mix the beef with the chopped onion, the green pepper, chopped pickle, the pickles cut in small pieces, and the tomato juice. Season with salt, pepper, and paprika. Grease loaf pan and place half the mixture in it. Cut the tomato in long strips and arrange over the meat; place rest of meat over tomato and bake in a hot oven for thirty-five minutes. Ten minutes before removing from the fire, place bacon strips across top and permit them to get crisp. Serve with sauce as a garnish.

## BAKED HAM

- Ham.
- Brown sugar.
- Bread crumbs.
- Cloves.
- Milk or cream.
- Raisins.

Boil a four or five pound piece of ham for several hours until tender. Let cool in liquor in which it was boiled. Place in baking pan and cover with a thick layer of brown sugar, with fine bread crumbs on top. Stick a few cloves in the ham and fill the pan with milk or cream so as to come two-thirds as high as the ham. Raisins may be put on (with toothpicks) giving a very pleasing flavor. Bake forty-five minutes.

## Advertising By Mail

Lists Are Plentiful As Proved By Toronto Dealer

In these days of "high-pressure" advertising and salesmanship, it is not difficult to realize that mailing lists are plentiful. But one point of these lists was revealed recently to a Toronto dealer. For months he has been receiving pieces of advertising literature by mail daily. He began to wonder just how many of these epistles came to him in an average 24 hours. For three days, as he opened and discarded—the envelopes, he tore off the cancellations stamps from the envelopes and placed them to one side on his desk. When the last mail had been received on the third day he added up the stamps. They had cost their users just 47 cents, and most of them were "ones" at that. A friend of his, a lawyer, whom he told of the harvest, told the same. His total was 41 cents.—Financial Post.

An excellent protection against worms can be got in Miller's Worm Powders. They render the stomach and intestines unattractive to them. They heal the surfaces that have become inflamed by the attacks of the parasites and serve to restore the strength of the child that has been undermined by the draughts that the worms have made upon it, and their operation is altogether health-giving.

## A See "Lawn Mower"

Modern harbor doors have to be kept clear of kelp and other seaweed and this is done by a sea "lawn mower." The "mower" is hauled by boat, and dropped to the ocean bed by chain and rope. The blades, revolving on an endless chain, work similar to an ordinary lawn-mower. The growth is dried and ground for cattle fodder.

Power Plant Nears Completion  
The Calgary Power Company's plant at Ghost River, near Red Deer, Alberta, is nearing completion and part of the plant is now in operation.  
Good for Toothache—Minard's Liniment

## Name Stations After

Hudson Bay Pioneers

Historical Designations Assigned To Places Along H. B. R. Route

Memories of adventures who sailed into the Hudson's Bay as far back as 1610, when Henry Hudson discovered this great body of water on the northern shores of Canada, are commemorated in the station names given to that section of the Hudson Bay Railroad between Mileage 412 and Churchill. Churchill now stands as the proper name of the terminus of this railway, it was announced by Canadian National Railway officials. According to the ruling of the Geographic Board of Canada this is the official name, with the dropping of either prefixes "Port or Fort" by which it had been variously designated.

Commencing at Mile 417 the names of stations, with the history and the origin of these names, are as follows: Mile 417, Kellett, after Capt. Kellett, C.B., of New Brunswick; (2) Lancaster Sound, Melville and Banks Islands, 1852-54.

Mile 426, O'Day, after J. E. O'Day, one of the engineers on construction from Arma to Churchill.

Mile 434, Back, after George Back, of the Royal Navy; one of the officers with Sir John Franklin's party to Hudson Bay country in 1819-22.

Mile 442, McClintock, after Capt. F. McClintock, R.N., in Lady Franklin's yacht "Fox," brought back precise information of the fate of Sir John Franklin's ships "Erebus" and "Terror," 1857-59.

Mile 451, Belcher, after Capt. Sir Edward Belcher, C.B., of H.M.S. "Assistance" to Wellington Channel, 1852-54.

Mile 460, Cromarty, after Cromarty, a former Hudson Bay factor at Fort Severn; grandfather of W. G. Cromarty, R.N., of St. John's, Nfld.

Mile 468, Chesney, after Aubert de la Chesney, a merchant and fur trader at Quebec in 1679, who started "The Company of the North." He sent Radisson to Hudson Bay with two boats, the "St. Anne" and "St. Pierre," in 1682.

Mile 478, Munk, after Jens Munk, who came to Churchill in 1619 in the vessel "Lamprey."

Mile 485, Bylot, after Robert Bylot, one of the crew on Hudson's Bay "Discovery" in 1610.

Mile 493, D'gges, after an English merchant, who, along with others, founded Henry Hudson's trip to Hudson Bay in the "Discovery," in 1610.

Mile 502, Fidal, after Fidal, who Churchill River reaches a point opposite this siding.

Mile 510, Churchill. Not Fort Churchill or Pirt Churchill, as variously designated. Ruling of Geographic Board of Canada.

The Last Asthma Attack may really be the last one if prompt measures are taken. Dr. J. D. Kellogg's Asthma Remedy will safeguard you. It will penetrate to the smallest bronchial passage and bring about a healthy condition. It always relieves and its continued use often has a permanent effect. Why not get this long-famous remedy today and commence its use? Inhaled as smoke or vapor it is equally effective.

## Boards That Really Groan

Elm Planks Were Found To Possess This Quality

Although the phrase "groaning boards" is usually associated with the heavy meals of older days, the phrase seems to have a double origin. For boards that really groaned were the wonder of London in 1682. There was exhibited to the king an elm plank which, when touched by a hot iron produced a sound resembling deep groans. The masterpiece in the main room of the Bowman Tavern in Drury Lane, responded in the same way to the treatment and it was thought to have been made from the identical elm tree. The drummer at the Queen's Arms tavern, St. Martin's Grand, was found to possess the same quality.

Some of the new tri-motored commercial airplanes weigh more than eight tons when loaded.

## ASTHMA

RELIEF obtained by thousands through use of Dr. G. L. Gault's Green Mountain Dr. Gault's Asthma Remedy. It is a powerful remedy for Asthma, Hay Fever, Croup, Whooping Cough, and all other respiratory diseases. It is a powerful remedy for Asthma, Hay Fever, Croup, Whooping Cough, and all other respiratory diseases.

## Way Of The World

Public Entertainer Is Bigger Hero Than Cleverest Scientist

When Madame Curie, the co-discoverer with her husband of radium, left Paris to attend the celebration in the United States in honor of Edison, a great throng appeared at the depot and wild honours were done to the people. On her return, another great throng attended the depot was especially illuminated, and there was ecstatic cheering.

But neither of these demonstrations was for Madame Curie. Few people noticed her at all. The same day was for Maugé Chevalier, a French vaudeville star and movie actor, who was also going to New York, and the welcome was for Pola Negri and Alla Terry, movie actresses, who arrived by the same train as Madame Curie.

That is the way of the modern world. The public entertainer is the hero and heroine of the day, and no matter what any man or woman may contribute to science, to the relief of human suffering, or the progress of humanity, the public is not interested in them.

## A Modern Solomon

English Judge, Quickly Solved Problem Of Impoverished Debtor

An impoverished debtor recently sought the protection of English law against the alleged continuous persecution of a relentless creditor. The latter, it was alleged, had publicly threatened the debtor with prison, had written communications which had cost his dismissal from several posts of employment, and had sent him dunning letters in the guise of formidable legal documents.

The debt was the sum of £12 9s. 6d. Shylock apparently never pursued Bassanio more relentlessly for the sixteen ounces avoirdupois of poor Antonio. The unhappy debtor, however, needed no modern Fortinbras to plead for him. The modern Fortinbras, a pool court, Judge Bradley, of the Blackpool County, before whom the case was tried, decided it without further ado, ordered the poor debtor to repay the importunate money lender at the rate of three pence a month, thus ending his embarrassment and granting him eight years in which to liquidate the claim.

Many people are almost crippled with corns, but the corns can be removed which can be speedily ended with Holloway's Corn Remover.

## Is Rhodes Scholar

Manitoba University Student Chosen Of Provincial Selection Committee

J. Robert Beattie, of Winnipeg, was elected Manitoba Rhodes scholar for 1929, at a meeting of the provincial selection committee. Mr. Beattie is a student at the University of Manitoba, and he will go into residence at Oxford in the fall of 1930.

Beattie is 19 years old, the son of John T. Beattie, of the Canadian Bank of Commerce, Winnipeg. He received his early schooling at Melfort, Sask., later attending high schools in Winnipeg, and finally entered the University of Manitoba in 1926.

Retired Rich Butcher (showing his library to a ghrow friend)—See all them books bound in calfskin!

Retired Butcher—Well, I killed all them calves myself.

## Heart and Nerves

Caused Her To Have Cold Hands and Feet

Mrs. Joseph Price, Red Pine, Neb., writes:—"Several years ago I was troubled with my heart and nerves and was so nervous at times, my hands and feet would become numb and cold. I happened to see

**MILBURN'S**  
HEART  
NERVE PILLS  
advertised and started taking them at once. I continued for some little time, and I have had no return of my trouble."  
Price, 50c a box at all druggists and dealers or write for full receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Local and General Items

The trouble with the man who does not know anything is that he is always telling others about it.

The snow storm of Sunday and Monday was the most severe for the season. In some places through the Pass, the trail is practically blocked.

The fact that The Hanna Herald has just closed its seventeenth volume makes us feel very young yet. We are well away on our twenty-second in Blairmore.

Fred J. Donkin, of the Manitoba Bridge & Foundry Co., left with his family the early part of the week for Winnipeg, which will in future be Mr. Donkin's headquarters. Mr. Donkin's territory has been extended from Winnipeg to the Pacific coast.

Michel and Coal Creek played the opener for the intermediate-section at Coal Creek on Monday of last week, Coal Creek winning to the tune of two to one.

The Blairmore senior hockey team will leave Sunday morning for Trail, where they will play two exhibition games on Monday and Tuesday nights. Trail will play return games here at an early date.

A local oil stock victim recently visited Turner Valley. On the night of his return here, he and his wife imbibed freely and at a very late hour were heard in a duet which ran like this: "Praise God from whom all blessings flow; praise him oil creatures here below, etc."

Mr. A. Mutz was down from Vulcan last week end on business.

A girl only has to don a party gown these days to show us the stuff she is made of.

"Sure," said Mike. "This is a great country. The paper says you can buy a five-dollar money order for sixteen cents."

We are this week in receipt of a package of assorted nuts, grown and packed by Mr. and Mrs. Mark Drumm in California.

Now the question arises as to what would be the nationality of a child born in an airplane five thousand feet above nowhere.

"Red" Rorstrom has returned to town from Calgary, where during the past few weeks he has been knocking 'ell out of the would-be pugilists.

Owing to the hockey game on Friday night, the regular meeting of Livingstone Lodge No. 15, Knights of Pythias, will take place at 7 o'clock, instead of 8. At this meeting, nomination of officers will take place.

The Blairmore fire chief is desirous of securing five volunteer firemen, three of whom to occupy furnished rooms in the fire station. Anyone interested will please meet at the Town Hall on Sunday evening at 8 o'clock.

We are just emerging from a blizzard, which has lasted six days. Although the snow is drifted in places to a depth of three feet or more, we understand that the government will open the roads so that Santa Claus can make his rounds.

A grand Christmas entertainment will be held at the United church on Thursday night of next week by the Philomath Group of the C.G.I.T. An excellent programme is promised for the very nominal fee of 25 cents. The programme will start promptly at 8 p.m. Don't miss it.

Mrs. Jessica Peake, mother of Miss Jocelyn Peake, of the Royal Bank staff here, died at Calgary on Tuesday, following a brief illness. She was predeceased by her husband about six years. Mr. and Mrs. Peake had been residents of Alberta for close on to twenty-five years. Miss Peake here in the only surviving member of the family.

A successful whist drive was held in the Lodge hall last night by the members of Crowview Rebekah Lodge. Ladies' first prize was won by Miss Marjorie McDonald; second, Mrs. S. Patterson; consolation, Miss Jean Archer. Gents' first, James Sewart; second, Mr. B. Bond; consolation, Bert Sessler. The beautiful cake was won by Mrs. Peter Montalbetti, while Mr. "Chuck" Decoux adopted the baby doll. An enjoyable dance followed.

Owing to the extreme cold weather, but a small audience turned out to hear G. G. Coote, M.P., at the Elks' hall last night. Mr. Coote dealt at considerable length with doings at Ottawa and briefly with the unemployment problem in this district. Mr. Coote returned to Nanton this morning and hopes to leave shortly for Ottawa where he will approach the government with propositions which it is hoped will result in better conditions for the mining areas of Alberta.

John William Curran, a Craigmylo hotelkeeper, was found guilty of manslaughter in connection with the death of William Buddy, who died after being run over by Curran's car on May the 1st last. Curran was fined \$500.

Civil servants of Alberta are appealing to the provincial government for a ten per cent increase in salaries. They point out that inasmuch as the provincial treasury has a surplus of \$1,800,000 for this year, it is not consistent that their pay should remain where it is. On the other hand, it is said that the various departments are over-staffed and a reduction should be made.

Joseph Kelly, with some aliases, who some time ago broke jail at Youngstown, was arrested at Detroit and sentenced to life imprisonment for robbery, while armed. Several criminal charges were to be preferred against him if he were brought back to Alberta. Realizing, however, that men sentenced to life imprisonment across the border frequently fail to serve their full term, the police of this province will keep in close touch with the case, with a view to extradition proceedings.

## Christmas

Make It Happy with Good Things to Eat

### A Few Suggestions for Your CHRISTMAS BAKING

Seedless Raisins, 2-lb pkgs 29c
